CHAIRMAN/MD MESSAGE

At Venkella, we believe that security and facility management are not simply services—they are the foundation of safe, efficient, and high-performing environments. Our vision is to build a trusted organization recognized for service excellence, operational efficiency, and long-term partnerships across industries.

Our philosophy is centered on **people, quality, reliability, and relationships**. We combine skilled professionals with structured processes and a client-first approach to deliver solutions tailored to the unique needs of every organization.

Safety remains at the heart of everything we do. Through disciplined operations, trained teams, defined processes, and continuous quality monitoring, we strive to protect people, assets, and facilities while maintaining the highest standards of service.

We are committed to building lasting partnerships based on **trust, transparency, accountability, and consistent performance**. At Venkella, our clients' success is our shared goal, and we continuously work to deliver dependable solutions that create lasting value.

D. Sanyasi Naidu

Vision

To be a trusted and preferred service partner across Andhra Pradesh & Telangana, recognized for ethical practices, statutory compliance, operational excellence, and consistently high standards of service delivery.

Mission

To deliver reliable, professional, and integrated security and facility management solutions that protect people and assets, enhance the environments we manage, and enable our clients to focus on their core business with confidence.

COMPANY OVERVIEW

Venkella was founded in Visakhapatnam with a clear understanding of the growing need for dependable and professionally managed security and facility services. From the beginning, our focus has been on bringing greater structure, consistency, and accountability to essential support operations.

What started with a focus on security and facility services has evolved into a broader service portfolio supporting **corporates, residential communities, hospitals, educational institutions, industrial facilities, hospitality environments, and other organizations.**

Today, Venkella delivers integrated solutions across **Security, Facility Management, Industrial Facility Services, Healthcare, Hospitality, and Fleet Management.** Our operations are supported by trained teams, defined processes, systematic documentation, and service monitoring.

As we continue to grow across **Hyderabad, Visakhapatnam, Vijayawada, and Guntur,** our journey remains focused on delivering dependable services and creating well-managed environments for the organizations we serve.

CORE VALUES

Integrity

We act honestly, ethically, and transparently.

Safety

We prioritize people, assets, and environments.

Quality

We maintain high standards across operations.

Professionalism

We deliver with discipline, skill, and respect.

Customer Focus

We understand needs and create value.

Continuous Improvement

We continuously improve processes, people, and performance.

WHY VENKELLA

Choosing the right service partner is essential to maintaining safe, efficient, and well-managed environments. Venkella combines experienced professionals, structured processes, operational discipline, and a strong commitment to service quality to deliver dependable security and facility management solutions. Our integrated approach enables clients to address diverse operational requirements through a single, professionally managed partner. With a focus on compliance, transparency, responsiveness, and continuous service monitoring, we work closely with clients to understand their requirements and deliver solutions aligned with their operational needs. From workforce deployment and security operations to facility support and specialized services, Venkella is committed to delivering consistent performance and building dependable, long-term client relationships.

Professionally Trained Workforce

Skilled teams trained for service excellence.

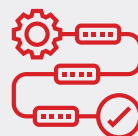

Government Project Experience

Experience supporting government sector requirements.

24x7 Command Support

Continuous operational support whenever required.

ISO Driven Processes

Structured processes focused on consistent quality.

Compliance Management

Strong focus on statutory and regulatory compliance.

Customized Solutions

Solutions tailored to specific client requirements.

Rapid Response Teams

Trained teams ready for quick deployment.

Transparent Reporting

Clear reports provide operational visibility and accountability.

INDUSTRIES SERVED

Venkella is domain-agnostic, with the expertise, workforce, and operational flexibility to support diverse industries and business environments. Our strong employee pool across Andhra Pradesh and Telangana enables us to respond efficiently to client requirements and deploy suitable teams across locations. We serve government organizations, corporate offices, industrial facilities, manufacturing, pharmaceuticals, healthcare, hospitality, education, residential communities, retail, and other specialized environments. By adapting our services to the unique requirements of each sector, we deliver reliable security, facility management, workforce, and operational support solutions that help clients maintain safe, efficient, and well-managed environments.

SERVICES OVERVIEW

Facility Management Services

Industrial Facility Services

Security Services

Hospitality Services

Fleet Management Services

Healthcare Facility Services

SECURITY SERVICES

Our security solutions protect people, assets, infrastructure, and premises through trained personnel and structured security protocols. Services include static guarding, patrolling, executive protection, quick response teams, gate management, visitor management, material movement control, CCTV monitoring, and emergency response.

FACILITY MANAGEMENT SERVICES

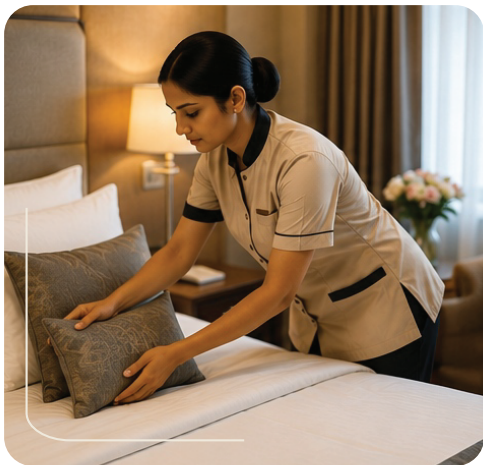

We deliver integrated facility management solutions that keep workplaces and properties safe, clean, efficient, and well maintained. Our services cover housekeeping, pest control, landscaping, waste management, electrical, HVAC, plumbing, civil works, and lift & escalator operations.

INDUSTRIAL FACILITY SERVICES

We support manufacturing plants, factories, warehouses, and industrial environments with specialized facility services focused on operational efficiency, safety, and compliance. Our capabilities include equipment maintenance, HVAC and process cooling, utilities, STP/ETP operations, industrial cleaning, fire and safety systems, repairs, and inventory management.

HOSPITALITY SERVICES

Our hospitality solutions help hotels, resorts, and guest houses create welcoming, comfortable, and professionally managed environments. Services include front-office management, concierge and guest relations, bell desk and valet, housekeeping, laundry and linen management, public-area cleaning, banqueting, and facility operations.

FLEET MANAGEMENT SERVICES

We provide end-to-end fleet management solutions designed to deliver safe, reliable, and cost-effective transportation operations. Our services cover executive chauffeur services, employee transportation, airport transfers, spot rentals, vehicle procurement and upkeep, driver vetting, training, GPS-enabled tracking, and operational coordination.

HEALTHCARE FACILITY SERVICES

We provide specialized facility support for hospitals, clinics, pharmaceutical organizations, and medical institutions, with a strong focus on hygiene, safety, infection control, and compliance. Services include specialized cleaning, biomedical waste management, laundry, patient nutrition, patient transport, and healthcare security.

OUR PROCESS

At Venkella, every engagement follows a structured process—from requirement analysis and site assessment to deployment, monitoring, audits, reporting, and continuous improvement.

01

Requirement Analysis

Understand client needs, operational scope, expectations, and priorities.

02

Site Survey & Risk Assessment

Assess the site, identify risks, and determine resource requirements.

03

Proposal & Planning

Develop a customized service plan aligned with client requirements.

04

Deployment

Mobilize trained manpower, equipment, and resources for implementation.

05

Training & Execution

Train teams and execute operations according to defined standards.

06

Monitoring & Quality Audit

Track performance, conduct audits, and ensure consistent service quality.

07

Continuous Improvement

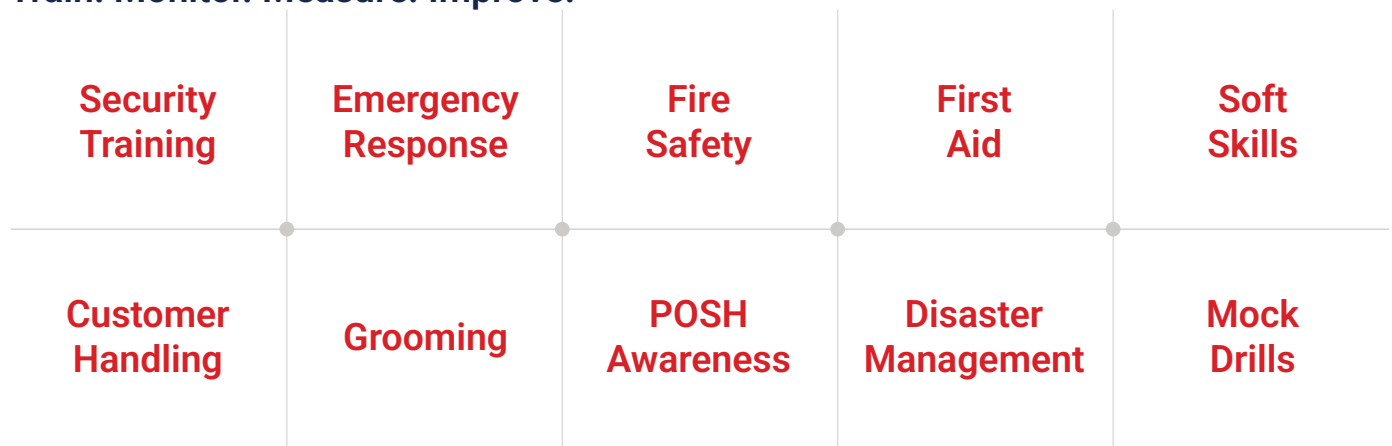

Use feedback and performance insights to enhance service delivery.

TRAINING & QUALITY ASSURANCE

At Venkella, service quality begins with well-trained people and continues through disciplined monitoring. Our teams are prepared to perform their roles with professionalism, safety awareness, and operational consistency. Structured supervision and periodic quality checks help ensure that services are delivered according to defined standards and client expectations.

Our Approach

Train. Monitor. Measure. Improve.

COMPLIANCE & CERTIFICATIONS

At Venkella, compliance is an integral part of our service delivery. We follow structured processes, statutory requirements, safety protocols, and documented operational standards to ensure responsible and consistent execution. Our compliance-focused approach supports transparent operations, workforce accountability, and client confidence across diverse sectors.

Our Compliance Framework

Statutory Compliance — Adherence to applicable labour and regulatory requirements.

Workforce Compliance — Proper documentation, verification, and deployment of personnel.

Safety Compliance — Defined safety practices and emergency response procedures.

Operational Compliance — Standardized processes, documentation, inspections, and reporting.

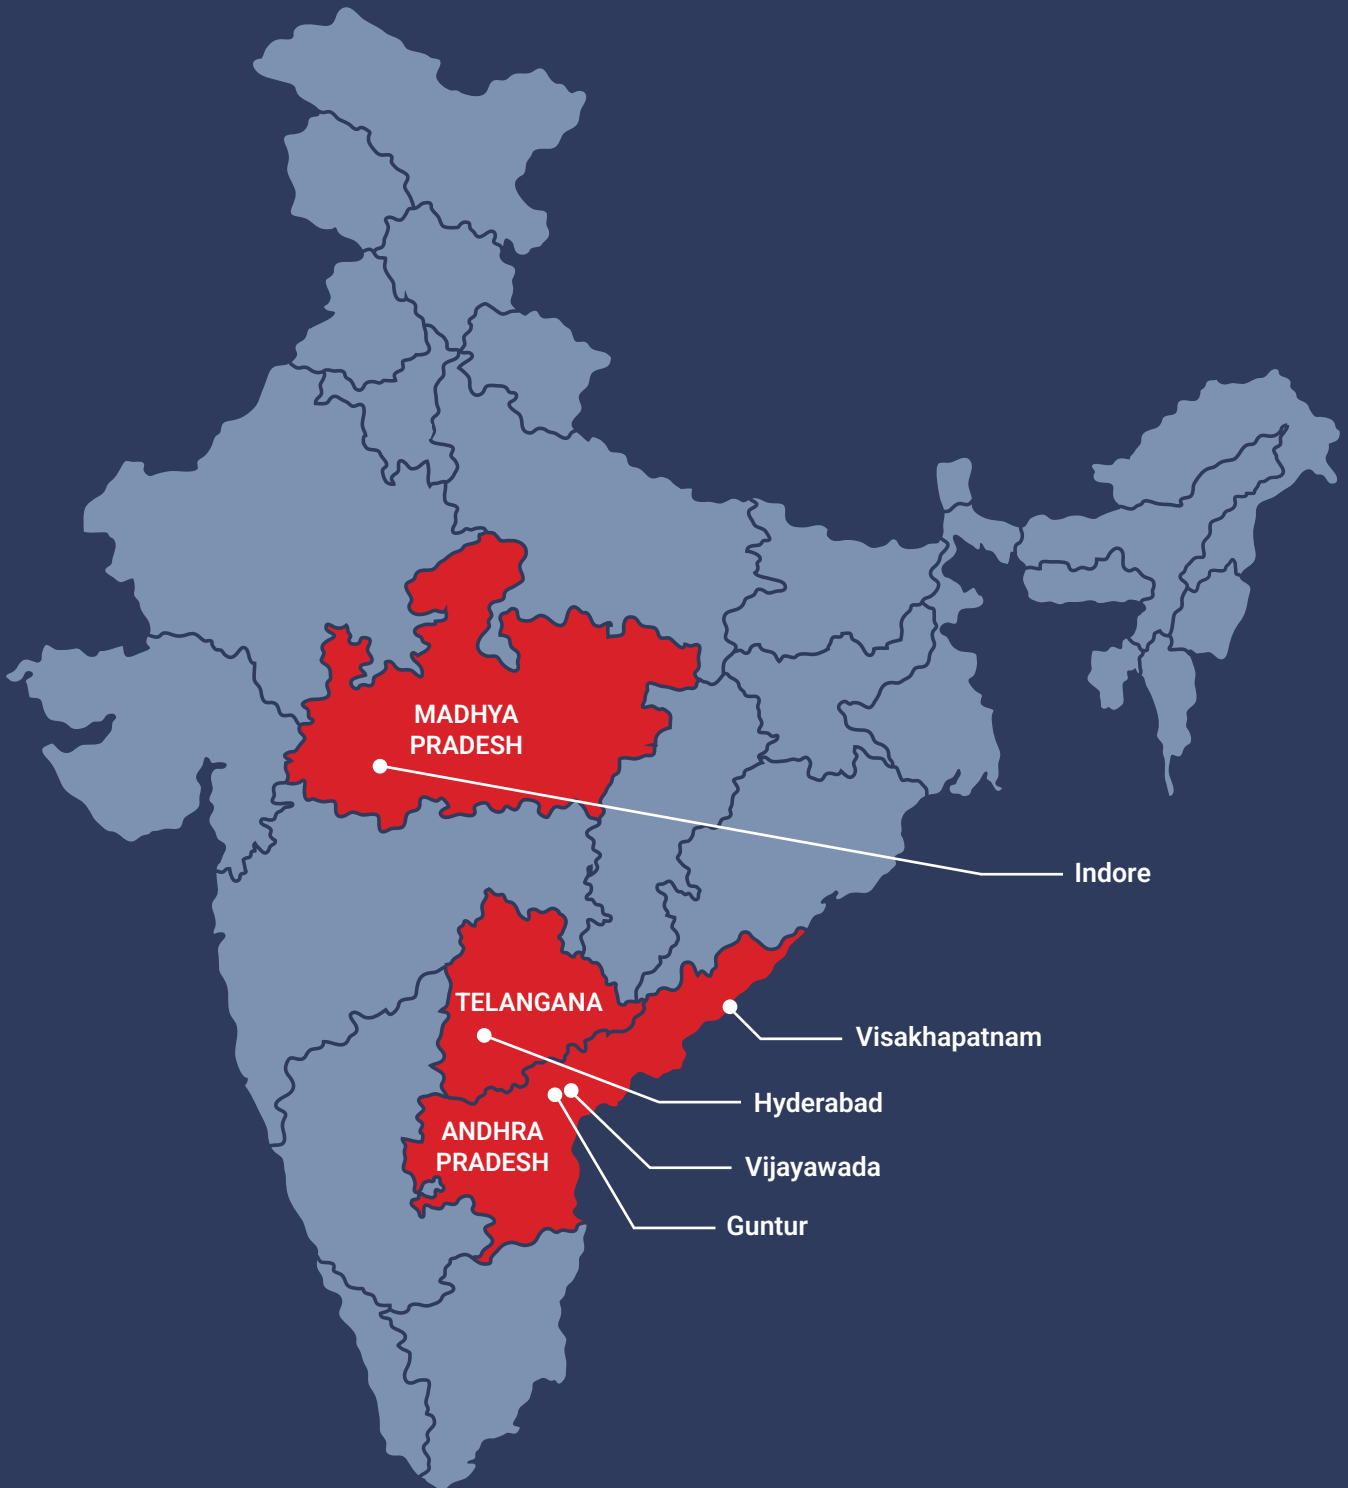

Quality Management — Structured monitoring and continuous improvement practices.

Client Requirements — Alignment with contractual, site-specific, and service-level requirements.
